IMPORTANT INFORMATION

Please note that Canada Computers & Electronics reserves the right to cancel any order due to no stock or information errors.

Payment Method

Canada Computers & Electronics accepts Credit Card (Visa, MasterCard and American Express only), Electronic Money Transfer (via Online Banking - Bill Payment) and PayPal payment. We accept bill payment through the following banks: Bank of Montreal, CIBC, Royal Bank of Canada, Scotia Bank, TD Canada Trust, and National Bank of Canada. We also accept electronic payments through Credit Union Central of British Columbia, which includes credit unions in British Columbia, Alberta and Saskatchewan, as well as Canadian Western Bank and Citizens Bank of Canada. We now accept payment through PayPal. You need to have a registered PayPal account in order to make a payment through PayPal. You may find more detail on the [online banking and payment procedure here](#). Canada Computers & Electronics does not accept overseas credit cards at this time.

Your shipping information must match your credit card billing information. Canada Computers & Electronics reserves the right to cancel any order that does not comply with this notice.
